

Detour Information

I-15/Friars Ramp Closure

Construction crews will close the eastbound Friars Road on-ramp to southbound Interstate 15 on Saturday, Feb. 5 at 9 p.m. The closure is needed to complete interchange improvements. The on-ramp will reopen to traffic at noon on Sunday, Feb. 6., weather permitting.

Minor traffic delays are expected on both east and westbound Friars Road. Detour signs will be in place to assist motorists around the closure.

This project is part of the \$7.7 million project to add a lane in the southbound direction and make interchange improvements at Friars Road. This project is expected to be completed by fall 2005.

For additional information on this project please call the Construction Information Officer Edward Cartagena at 619/688-6868 or the Public Information Office at 619/688-6670.
